

- **Measure 2 (Initial and Advanced): Satisfaction of employers and stakeholder involvement. (R4.2|R5.3| RA4.1)**

INITIAL Out of seven (7) employers, 5 reported that they would hire completers “highly frequently”, meanwhile two (2) would hire completers “frequently”. When asked about the completers receiving promotions the responses were the same, five said that they would receive promotions or higher levels of responsibility and two disagreed. All the employers reported that the completers were “highly competent or competent” in subject knowledge and skills. Completers were mainly hired at the high school level, three of the seven schools were K-12, three high schools and one middle school. One of the high schools was in New York City.

ADVANCED The Advanced Programs collect information on employers’ satisfaction every 4 to 5 years. Data is currently being collected in this 2022-2023 academic year.
